Starr Valley Items.

The past week marks for us an important epoch in Good Templary. On November 22d 1894, was begun at the I. O. G. T. Hall in Starr Valley, the first, regular, semi-annual session, of Eastern District Lodge No. 1, I. O. G. T. Wednesday evening, a number of Representatives from the different Lodges, in the country arrived, and among those present at the several meetings were, Mrs. Gardner of Elko, Mr. and Mrs. S. A. Merkley and Wm. Clendenning of Mound Valley, Mr. and Mrs. P. Ogilvie of South Fork, Mrs. W. A. McDermott, Mrs. Magly, Mrs. Francis Lebraske, Mr. E. Lebraske, Mr. H. Frankie, Mr. Will Wines and Mr. Bert Wines of Lamoille Valley, Mrs. Jas. Steele, Miss Tuttle and Mr. Earnest Wood of Clover Valley.

The session consisted of six interesting meetings, conducted by G. C. T. Geo. R. Vardy in the absence of the District Templar. On Friday evening the 23d an entertainment, closing with a social dance was given in honor and as a welcome to the several Representatives, and the verdict of every one present was "I have had one of the best times I ever had in all my life."

The last and best meeting of the session was held on Saturday, and the earnest work of the several committees would be hard to excel, at least by beginners. With the close of this meeting ended, the most instructive and energetic meeting of the District Lodge that has been our good fortune to attend.

Saturday evening our guests remained with us to visit Subordinate Lodge and, rejoice with us in a glad surprise, of which we are proud. Sunday morning our Delegates began their homeward journey to meet again in Lamoille Valley May 25th 1895. We hope and pray our membership may then be greatly increased.

Our G. C. T., Geo. R. Vardy, meets the hearty praise and thanks of all for his able assistance to each, and for the aid and good advice freely given and gladly accepted. May our coming session of District Lodge be as great a success as the last.

Starr Valley School gave a Thanksgiving exercise Wednesday afternoon which proved a success.

This is the place for a lively time

this coming winter, we have a Literary Society organized to meet on Tuesday evening every two weeks.

Quite a number of beef cattle have gone from our little Valley to the Eastern markets.

The Kansas City Journal says: The development of the financial situation shows just what gold monometallism means. The people are in a fix where they can be squeezed. It is the purpose of Grover Cleveland and his co-partners in the conspiracy to put the condition in a shape that cannot be changed. "Unconditional repeal," as applied to the silver question in the special session of Congress last year, meant unconditional gold monopoly. Gold monopoly means more bonds, and more bonds, means more interest to be paid by the people. This is the straight story and argue the question as they may, nothing more can be made of it.

No one who has the experience of Mr. Stalker can fail to sympathize with him in his suffering, or to rejoice with him that he has found relief. He is now restored to perfect health.

"In March, 1890, I injured my right leg with an axe. The wound did not heal and the bone became diseased. I was laid up for a long time. In April, 1891, I was taken to the hospital at Lowell, Mass., and remained there for a long time. During that time I underwent several operations."

Seven Surgical Operations
I had taken many of the best of the best, but six weeks after the wound healed so, while the pains in my groin were almost unbearable. Then the wound ceased to heal, the surgeons gave me up as a hopeless case and I was discharged from the institution. A week after returning home, I commenced to take Hood's Sarsaparilla. After taking the first bottle the

pains left my groin and have not returned. While taking the second bottle the wound at the hip entirely healed. The third bottle made me feel
